

3. Draw the structure of all 8 alcohols with the formula  $C_5H_{12}O$ . Label each chemical environment and therefore give the number of chemical environments.

 <p>Number of environments: <u>5</u></p>	 <p>Number of environments: <u>5</u></p>
 <p>Number of environments: <u>3</u></p>	 <p>Number of environments: <u>4</u></p>
 <p>Number of environments: <u>4</u></p>	 <p>Number of environments: <u>4</u></p>
 <p>Number of environments: <u>5</u></p>	 <p>Number of environments: <u>3</u></p>
